

## Basic Wood working using Hand tools

Instructor Joe DeFeo

This course will be basic instruction on woodworking using Hand Tools. We will discuss the CORE set of hand tools and how to use them. Instruction will include Sawing, Drilling, Planing, Shaping, Sanding and Finishing. We will build a small Picture Frame and a Keepsake box during class that can be customized to your choosing.

Total of 10 3-hour classes

Maximum Number of students 6 per

Students will need to bring safety glasses with them to class. There is a cost of \$15 for supplies plus the cost of the wood the student chooses for their box.
