

“Guitar Music Jam”, Fall 2024 at Arsht Hall -- Introduction

Your instructors: Glenn Rill (communicator, technician, grunt), Bill Stanley (host #1, author of the list of themes, maker of snarky comments), and Lynda Hastings (host #2, class enforcer).

There will be a list of themes for each week.

If you are new to Jam, this is an opportunity for students to lead the rest of the class with your chosen song. Most of us will try to find a song that somehow fits the theme of the week. Or you can lead any song you choose.

If you don't want to lead a song, then **come anyway and join in with others. It's all great fun!!** New students may want to see a jam session or two to see how this all works.

Here is the process:

1. Find the song you want to lead.
2. **Email your song/chords (1 only) to Glenn (glennrill@hotmail.com) no later than the end of Monday before the class. For class #1, that means by the end Sep 2 (probably extended to Sep 3 due to Labor Day.**
 - **Acceptable file formats: pdf, doc or docx (Word), or jpeg (a picture).** Please practice printing your song before sending to Glenn.
 - **If you don't know how to do this, ask Glenn** (as class technician).
3. Then ... Glenn (as communicator) will **email back to everyone** (students) the **list of all songs with files attached no later than Tuesday evening along with the sequence they will be played in class.**
4. Then **everyone prints out all the songs and bring them to class** on Friday at 12:45. Class #1 is Sep 6.

Note: Instructors may require mask-wearing in this class.
