

Stroke: Causes & Prevention

Course Instructor: Eleanor S. Pollak, MD

Stroke is an *EMERGENCY!*

What are the Symptoms? What should you do? When should you seek help? Where should you go?

This 5-week course will cover the basics of **STROKE**

[CerebroVascular Accident (CVA) or Brain Attack]

Each week, expert medical care providers will discuss both general and vital details concerning stroke and its impact on patients within their area of specialty.
