

## **Basket Weaving for Beginners**

### **Course Description**

Basket Weaving for Beginners will offer opportunities for students to learn the art of basket weaving. The new weavers will begin with a simple basket that includes many of the basic weaving skills found in most baskets. Supplies (reeds, sea grass, base, handles, stain, and tools) will be provided to the weavers at cost. Once the first basket is complete, the instructors will help students pick a second basket to create. Students should finish two baskets during the five-week period.

### **Weekly Layout:**

Intro to basket weaving - tools, reeds, basic techniques. Start first basket, small market basket)

Work on small market basket

Complete small market basket. Begin second basket (basic basket with wood base and handle)

Work on second basket

Complete second basket
